Francotyp-Postalia's Mailing Solution's Automatic Letter Openers... Hallmarks of ease, efficiency and affordable productivity

For mid-volumes of incoming mail, you need a fast and reliable mail opener. Make quick work of processing mail with these speedy automatic letter openers from FP Mailing Solutions. At speeds ranging from 18,000 to 24,000 per hour, these machines make the chore of daily mail opening a breeze. They are easy to use and their small footprint and light weight make them ideal for desktop use. **W**hen neatness counts, FP has thought of everything: the precise slitting mechanism

ensures that each envelope is opened cleanly as it's fed through the unit, without leaving a pile of paper scraps behind like other openers. The envelope contents remain in tact, yet easily accessible. **W**ith the ability to open most types of envelopes, and any thickness up to 1/4" without sorting, these openers make fast work of most jobs. Their clean design and high speed make these letter openers productivity enhancements for any desktop or any busy mailroom.
