DETAILS

The 5KLE inkjet printer and imager is a lightweight, portable desktop printer offering a simple "plug and play" interface with your computer and database. It prints on a variety of common office media including postcards and envelopes at speeds of up to 5,000 pieces/hour. The 5KLE prints high quality (600 x 300 dpi) logos, graphics and message lines anywhere on your mail piece to enhance your outgoing mail. And, by applying USPS barcodes you can take advantage of automated postal discounts.

1. Media Hopper

Input hopper holds up to 300 #10 envelopes and has an adjustable thickness lever for different media.

2. Control Panel and Printhead

Operator friendly control panel. Prints crisp, professional addresses, graphics and logos. Simple to change out ink cartridges.

3. Versatile Desktop Unit

Compact unit makes addressing easy and allows you to print envelopes, direct mail pieces, postcards and other media right from your desk. Reliable friction feeder provides continuous media flow.

4. Optional conveyor and drop stacker

Comes standard with paper catch tray. Upgrade to the optional conveyor for improved drying time and efficiency when printing letter and executive print quality.

The 5KLE provides personalized and professional imaging. It's ready to print the Intelligent Mail Barcode when you are!

Note: Envelope is a sample only and does not indicate exact proportions and placement of items being printed.
