*Ask about our supply of tabs.*

*(Specifications subject to change without notice.)*

Model 2020 Dual Tabber shown with optional conveyor for improved handling of media.

Tab applications: single tab, flat or gate tab, double tab.

## DETAILS

The 2020 Dual Tabber can apply one or two tabs in one pass based on the media requirements. Dual tab application eliminates the need for running jobs through twice, speeding up processing time and improving productivity. The 2020 Tabber offers high quality construction, fast operating speeds and accurate tab application all from a tabletop machine.

### 1. Single or Dual Tab Application

Applies one or two tabs in a single pass. Tab reel holds 1" pinfed tabs or wafer seals, round, paper or clear with 3" core. Accommodates up to 10,000 tabs per reel.

### 2. Versatile Unit

- Clear tab capable.
- Sliding tab head for tab position adjustment.
- Flat tab for gate-fold mailer.

### 3. Continuous Feeding of Material

Top load, continuous feed feeder.  
Stacking tray holds up to 6" capacity of media.

### 4. Operator Controls

Simple push button controls on easy to read LCD display. Job count and permanent count standard. Batch count mail delivery-compatible. Detectors for cover open, misfeed and out of tabs.

### 5. On Demand Conveyor

Optional 21" on demand conveyor quickly moves job along. Allows for easy batch sorting and enhances greater productivity.
