

POSTAGE**ACE**

Dependable. Consistent.

T-1000 Digital Postage System

**THE USPS®-APPROVED DIGITAL MAILING SYSTEM FROM FP.
THE BEST VALUE IN THE INDUSTRY.**

Simplify your office mailings while saving valuable time and money with the FP **T-1000** Digital Postage Meter System. With processing of up to 25 pieces per minute and combining superior electronics and thermal printing, the economical **T-1000** sets a high standard with its robust features and ease of use. With optional scales of up to 150 lbs., the **T-1000** can provide USPS® rates for packages of all sizes. Certain optional scales also allow you to compare USPS® rates with UPS and FedEx to ensure the best possible rate. Other optional scale features include international postage rates and differential weighing. Semi-automatic feeding allows increased productivity. Perfect for smaller office applications, this German-engineered machine remains USPS®-approved with no decertification date in sight.
